As a B.Tech Computer Science and Information Technology (CSIT) student at Symbiosis University of Applied Sciences (SUAS), I am passionate about building modern and user-friendly web applications. I am currently focused on becoming a skilled Web Developer by strengthening my knowledge of frontend and backend technologies through hands-on projects and continuous learning. With a strong foundation in HTML, CSS, JavaScript, MySQL, and the MERN stack, I am eager to contribute to real-world projects, enhance my technical skills, and grow in a collaborative and innovative work environment.
